“ June was a very special friend to me. She helped and was a great friend to my mother Faye Goldsmith during some very hard times and a terminal bout with cancer. June was one of the most special women I have ever known. I adopted June to be my replacement mother. She gave me enormous amounts of love and encouragement, She shouldered the burden of many many people, just because she wanted to help others. She was very proud of her family and friends. I cannot put into words how devastated I am that she is gone, but I am thankful to know that she is in heaven with my mom again. I loved June as my very own and will sorely miss her in my life. With deepest sympathy, Brian Goldsmith
