

Beverly Ann Spillman

September 22, 1944 - February 15, 2025

Beverly Ann Spillman, a beloved mother, grandmother, sister and aunt, passed away on February 15, 2025, at Asbury Hospice House in Hattiesburg, MS, after complications from a prolonged illness. She was 80 years old.

Beverly was born on September 22, 1944, in Gloster, MS, to Jewell Alton Spillman and Martha Lorene West Spillman, both of whom predeceased her. She grew up as the middle daughter, alongside her sisters, Gloria Darden and Patricia Reid, with whom she shared a lifelong bond. The love and support between these three sisters was unwavering, and they were a constant source of strength for Beverly throughout her life. Beverly spent the majority of her life in Baton Rouge, LA where she worked and raised her daughter, Gloria "GG" Robertson Hatfield, later retiring to Columbia, MS to be closer to family.

As a registered nurse (RN) for most of her life, Beverly dedicated herself to the care and well-being of others in a variety of medical settings. Her passion for nursing was matched only by her devotion to her family, whom she always said were the "joy of her life." Beverly was an independent spirit who loved fiercely, possessed a sense of adventure and style, and could never resist a

good bargain. Throughout her life Beverly loved to be outside gardening or sitting on her porch often with her “fur babies”, a loyal dog (or two) as well as a cat by her side.

She is survived by her daughter, Gloria “GG” Robertson Hatfield, her son-in-law, Cody Hatfield, and their two children, Hayes and Georgia, all of whom reside in Austin, TX. Beverly’s grandchildren were a particular source of joy, and she cherished every moment spent with them. Prior to having her daughter, Beverly had the pleasure of being an Aunt to six nieces and one nephew and always said family is the most important thing in life.

Beverly's warmth, generosity, and vivacious spirit will be deeply missed by all who knew her. Her legacy of love, compassion, and strength will live on through her family and the countless lives she touched in her career as a nurse.

A celebration of life will be held in her honor at a date to be decided with family and close friends. The family asks that donations be made to your local ASPCA or animal rescue of your choosing in Beverly’s name.
