“ *Our dear Carol--an angel on Earth, now shining in Heaven. Carol was a dedicated and gifted colleague of mine on the faculty at CARE International and also as a Senior Researcher of NOTE Research Group. We continue to pray for her loved ones and students near and far who feel this great loss we share. She has left both a great positive impact and a lasting legacy, which will carry her wonderful, caring spirit forward in those she touched so meaningfully through her dedicated service to others.*
