“ I did not really talk to him a lot in 20 years until my sister got sick. Then we started talking more. Then my mother got sick and passed and I was really needing help. He helped me. I wish I did not have to work so much and could have came and seen him again. I wish my step daughter could have gotten to have a Grandfather. I wish my wife could have gotten to know him. I wish I could have said goodbye in person. I didnt get a chance with my mother or Sister. I wish we could have rekindled a father son relationship. I wish him peace.
