“*Roxanne's daughter Nicole was given my name as her middle name. I met her twice. Once as a teenager and once as an adult. She was a resourceful and strategic woman from my memory of her. Nicole's great grandparents accepted her as part of the family and supported her as the mother of their first great grandchild. I truly pray for the repose of her soul, and for the comfort of the family, to include Nicole Andrea. Blessings of Christ's love to all!*”

“*I met Roxanne approximately 5 1/2 years ago. Her best friend Kandi I was friends with, and that's how I met Roxanne and then about six months later I introduced her to my brother and they fell in love. I know at least four weeks after they met each other, she was loved by all of us, and we will miss her dearly, I love you sister-in-law Sue*”
