“ When Aunt Lola and I would talk on our way back from Abilene or Lubbock after she worked the beauty shops. I enjoyed that time and all the times we were together and the times she would rescue me. I told her I would remember everything we did and I will.

*I love you Aunt Lola and will miss you forever*

“ I love you Aunt Lola, you were there for me all 57yrs of my life. You loved me like I was your own child, I think I was with you more than my mom. I miss you so much already. Thank you for doing all you did for me all these years. You got out, like you told me, I know you are with family and Jesus. I love you.

“ I always looked forward to Aunt Lola's visiting with us. She started my love for bargain hunting at a very young age. She would take us all around going to garage sales and rummage sales. Finding bargains and treasures everywhere we went. I will always treasure those memories I shared with her.
