“ *Herbert our paths have been intertwined for many years at Brooklyn where I lived on campus at FCAHS our Alma Mater. Your Father was always part of the campus but most of all I have loved your "Big Sister" from the time we met as fourteen-year-olds at FCAHS. My last visit with you was at her house when you were preparing the pasture for a deer hunt. I followed your service as a Policeman and revered you for that is a calling few men accept or are equipped for but you were perfect. Let God's perpetual Light Shine upon you.*

“ Herbert, as I knew him close and personal, was the "spittin' image" of his father "Bud" in his manners, walk, talk, demeanor, and most of all his love of nature. He could communicate with wild turkeys as if they were human. I cherish the memories I shared with Herbert in the field as well as "front porch sittin'". He could tell some good ones and break-up everyone present in laughter. He was offspring of a very strong Brooklyn family whom raised him to be fair and square in dealing with others. I am proud to have shared good times and bad times with Herbert..... "so mote it be".
